

Immortal Longings: Versions of Transcending Humanity, 1997, Fergus Kerr, 028105004X, 9780281050048, SPCK, 1997

Fergus Kerr's study - which is derived from his highly-regarded Stanton Lectures, delivered in the University of Cambridge in 1994/5 - focuses on the more or less obvious theological commitments of several much-discussed contemporary philosophers. By so doing, the author daringly extends the agenda of what is usually considered to be 'philosophy of religion.'. The ramifications of his study are extensive: even if philosophy is not at bottom theology, as von Balthasar once claimed, the theological preconceptions in much modern philosophy would seem to deserve considerably more attention than they have received hitherto.
