Providing everything you need to pass the FRCR Part 2A, this book provides a thorough assessment of a candidate's radiological knowledge. The book is divided into six chapters, with 75 questions in each chapter, mirroring the modules and exam papers laid out by the Royal College of Radiologists. This makes you as familiar as possible with its style, content and structure and facilitates directed learning. All questions have been formulated to reflect the current best practice and evidenced-base, ensuring candidates' knowledge of their field is up-to-date. A detailed explanation is provided for each question, including references to review publications or widely-used textbooks, which allow detailed follow-up on the issues discussed.
